eBooks: Idea to Amazon in 14 Days by Marnie Swedberg ISBN 1450572294

Ready to see your book on Amazon ASAP? This 211 page book is a fun, fast, and informative read that will change the way you write for publication from this day forward.

On Jan 5th I was engaged to do a 3-day, 7-city speaking tour for a regional library to train authors on the topic, "How to Write an eBook." It was a "pinch hit" engagement, so I had only 16 days to prepare.

13 days later, on January 18th, I released THIS eBook... demonstrating the possibility for everyone -- including you, to get published on Amazon and to do it super fast.

Included in these pages you will find the actual steps I took to quickly move from idea to published eBook in just two weeks, and then to see the paperback version released on Amazon in just two

additional weeks.

Exactly one month later, the book received Dan Janal's "Cool Book of the Day" award after it had been positively reviewed in major media outlets like the Chicago Times and others.

The book is laid out like a journal of my exact steps to publication, but it's also crammed full of easy-to-find, easy-to-use strategies and shortcuts, the ones I use to do what you want to do! This book has made the difference for authors who've been stuck in pre-publication for too long, and it could make the difference for you, too.
