The Lords of Creation (Forbidden Bookshelf) by Frederick Lewis Allen ISBN B00KGMIWBG  
**An acclaimed classic detailing the economic history of America in the late nineteenth and early twentieth centuries and exposing the capitalist giants who changed the world**

Frederick Lewis Allen's insightful financial history of the United States—from the late 1800s through the stock market collapse of 1929—remains a seminal work on what brought on America's worst economic disaster: the Great Depression. In the decades following the Civil War, America entered an era of unprecedented corporate expansion, with ultimate financial power in the hands of a few wealthy industrialists who exploited the capitalist system for everything it was worth. The Rockefellers, Fords, Morgans, and Vanderbilts were the "lords of creation" who, along with like-minded magnates, controlled the economic destiny of the country, unrestrained by regulations or

moral imperatives. Through a combination of foresight, ingenuity, ruthlessness, and greed, America's giants of industry remolded the US economy in their own preferred image. In so doing, they established their absolute power and authority, ensuring that they—and they alone—would control the means of production, transportation, energy, and commerce—thereby setting the stage for the most devastating global financial collapse in history.

As Gretchen Morgenson thoughtfully states in her introduction, “It is not immediately clear why the frequency and severity of financial scandals is increasing in the United States. What *is* clear is that we need to understand the origins of these disasters, as well as the policies and people that bring them on. . . . While distant actions may seem unrelated to current events, rereading about the past almost always provides surprising insights into the present.”

*The Lords of Creation*, first published in the midst of the Great Depression, when the financial catastrophe was still painfully fresh, is a fascinating story of bankers, railroad tycoons, steel magnates, speculators, scoundrels, and robber barons. It is a tale of innovation and shocking exploitation—and a sobering reminder that history can indeed repeat itself.

## **The Lords of Creation (Forbidden Bookshelf) Review**

This The Lords of Creation (Forbidden Bookshelf) book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get. This kind of The Lords of Creation (Forbidden Bookshelf) without we recognize teach the one who looking at it become critical in imagining and analyzing. Don't be worry The Lords of Creation (Forbidden Bookshelf) can bring any time you are and not make your tote space or bookshelves' grow to be full because you can have it inside your lovely laptop even cell phone. This The Lords of Creation (Forbidden Bookshelf) having great arrangement in word and layout, so you will not really feel uninterested in reading.
