The Wright Brothers: An Amazing Summary And Analysis About This Book Of David McCullough!

David McCullough, writer of many historical and research based books like 1776, Thruman and John Addams, had been writing a historical genre books since 1968.

His latest work The Wright Brothers earned him two very valuable rewards which only confirm the quality of his work; Pulitzer's Prize and National Book Award.

The Wright Brothers is very detailed biography of two famous bothers, Wilbur and Orville with detailed descriptions of their achievements in early world of aviation.

Both Orville and Wilbur had their natural love for learning new things from their young age. Their knowledge about aviation comes from numerous books and literature which they read and also their mutual inspiration, which was led by many past innovators.

The Wright Brothers is a novel about two men, their strong will of never giving up their dream; to be able to fly through the sky like many species of birds do. By reading this novel, readers will have the opportunity to look inside an aviation revolution which Wilbur and Orville started and which will change the way we live and travel even nowadays.
