After the Fall: German Policy in Occupied France, 1940-1944 by Thomas J. Laub ISBN 0199539324

German policy in occupied France during the Second World War was in many ways a story of bitter internal conflict between the various German agencies in charge of the occupation. *After the Fall* provides a detailed analysis of the struggle between these different agencies, highlighting the significant differences in ideology, policy, and method between the army, the SS, and the diplomatic service, and the rivalries between them in their struggle for dominance. It also looks at what these battles implied for the direction of German policy in France, from the exploitation of the French economy and the suppression of resistance activity, to the attempt to carry out Nazi racial plans. In the process, it sheds much light on both the inner workings of the Nazi regime and on the decisions made by the French government during the course of the occupation.

## **After the Fall: German Policy in Occupied France, 1940-1944 Review**

This After the Fall: German Policy in Occupied France, 1940-1944 book is not really ordinary book, you have it then the world is in your hands.
