Qualitative Psychology: Introducing Radical Research by Ian Parker ISBN 0335213499

This practical guide introduces students to the latest theoretical approaches in ethnography, interviewing, narrative, discourse, and psychoanalysis and brings them not only up to date but also beyond the limits of mainstream psychological research methods.

Interwoven with conceptual issues and methodological frameworks are 44 sections outlining key issues in the development, application, and assessment of qualitative research methods. By reviewing key debates, students are able to explore the problems with particular qualitative methods taught in psychology today—and use better methods to practice their craft.

## **Qualitative Psychology: Introducing Radical Research Review**
