Spiritual Warfare & The Art of Deception: The Hijacking of Spirituality by Ari Kopel ISBN 0986176907

The book exposes the tactics and strategies of the Dark Forces and how we're deceived every day, messed with and made ineffective. While we're kept distracted, we don't take the necessary action to help effect change. It demonstrates how many of us have been duped through false spirituality, how this is done and why we fall for it. The "sinister forces" animate those that create social issues, wars, injustices, suffering, environmental issues, and unprecedented conditions on the planet. They are also responsible for creating drama, health issues, financial issues, interpersonal problems and a dependence on others for our spiritual truths so that we are disconnected from Source-Creator and weakened. They then divide and conquer us, and quash our ability to "Return to God." The information in the book will show us how to detect these

strategies, how not to fall for them and what we can do to finally bring Heaven on Earth.
