Science Fair Winners: Crime Scene Science by Karen Romano Young ISBN 1426305214
Crime Scene Science that puts you inside the head—and the toolbox—of modern-day experts in crime solving. Slip under the yellow crime-scene tape to conduct your own experiments: you'll soon be detecting, inspecting, and connecting the dots of forensic science. Investigate rates of human decomposition; find out what makes fingerprints unique; identify handwriting traits; and discover the secrets of paper fiber analysis.

Each workshop includes suggestions on effective presentation at science fairs, taking experiments one step further, and using science vocabulary correctly. Talk the talk, and walk the walk, your crime scene is this way, Detective.
