Better To Have Loved And Lost by Adam Kirkman ISBN B00IBMSCG8

“There was something peculiar about the way the ocean swirled about this curious little town right on the very tip of Italy’s boot: all the oceans in the world seemed to arrive right on their very doorstep. Bottles, floating forever, eventually travel the globe – and tiny eddy currents caused, perhaps, by a butterfly flapping its wings in Tokyo, or a storm in Buenos Aires, swirled the bottles inexorably towards their resting place. The sea takes its time, but all these bottled dreams eventually find their way to Melito di Porto Salvo.”

Born in the little village of Melito di Porto Salvo, the steps of Roberto Montague’s life seem to be uncannily measured by the bottles that wash up on the shore. These bottles contain messages from around the world, thrown into the sea by people seeking answers from fate, or God. These answers do not come. Instead, it is Roberto, himself swept around the globe and through history, that brings the answers to those questions sealed in glass.

A story of love, fate and bottles, Kirkman's highly-anticipated second novel explores the contrast of darkness and hope in human souls, and sets out to answer whether it is better to have loved and lost than never to have loved at all.

Better To Have Loved And Lost Review

This Better To Have Loved And Lost book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get.
