Wife Gone Wild: A Hotwife Fantasy by Lexi Archer ISBN B011PQITZA

Caught red handed looking at his favorite site where sexy women post pictures of themselves for invisible Internet points, he was expecting the end of his marriage. What he wasn't expecting was for his wife to take an interest in posting her own pictures!

Sure he'd dreamed about sharing his wife and her gorgeous body with the world, but that was always his deepest darkest fantasy. One he didn't dare share with the woman he loves. Only now that fantasy is about to come true in a huge way and all he had to do to make it happen was admit it to his wife!

Teasing. Naughty selfies posted for the world to see. Pushing the boundaries of that pesky "forsaking all others" vow. It's going to change their relationship forever, but in the best possible way.

His wife is going wild, sharing her treasures with the Internet and the world, and he loves it!
