By John W. Jordan LLD

## Foreword

The present work, "Genealogical and Personal History of the Allegheny Valley, Pennsylvania," presents in the aggregate an amount and variety of genealogical and personal information and portraiture unequalled by any kindred publication. No similar work concerning Allegheny valley

Families has ever before been presented, and it contains a vast amount of ancestral history never before printed. The object, clearly defined and well digested, is threefold:

First. To present in concise form the history of the Allegheny Valley Families of the Colonial Days.

Second. To preserve a record of its prominent present-day people.

Third. To present through personal sketches the relation of its prominent families of all times of the growth, singular prosperity and wide-spread influence of the Allegheny Valley, Pennsylvania, and its tributary region.

In other words, while others have written of "the times," the province of this work is to be a chronicle of the people who have made this magnificent region what it is.

Unique in conception and treatment, this work constitutes one of the most original and permanently valuable contributions ever made to the social history of an American community. It is not based upon, neither does it minister t, aristocratic prejudices and assumptions. On the contrary, its fundamental ideas are thoroughly American and democratic. The work everywhere conveys the lesson that distinction has been gained only by honorable public service, or by usefulness in private station, and that the development as prosperity of the region of which it treats have been dependent upon the character of its citizens, and in the stimulus which they have given to commerce, to industry, to the arts and sciences, to education and religion--to all that is comprised in the highest civilization of the present day--through a continual progressive development.

The inspiration underlying the present work is a fervent appreciation of the truth well expressed by Sir Walter Scott, that "there is no heroic poem in the world but...

Windham Press is committed to bringing the lost cultural heritage of ages past into the 21st century through high-quality reproductions of original, classic printed works at affordable prices.

This book has been carefully crafted to utilize the original images of antique books rather than error-prone OCR text. This also preserves the work of the original typesetters of these classics, unknown craftsmen who laid out the text, often by hand, of each and every page you will read. Their subtle art involving judgment and interaction with the text is in many ways superior and more human than the mechanical methods utilized today, and gave each book a unique, hand-crafted feel in its text that connected the reader organically to the art of bindery and book-making.

We think these benefits are worth the occasional imperfection resulting from the age of these books at the time of scanning, and their vintage feel provides a connection to the past that goes

beyond the mere words of the text.
