Deacidification and Detoxification with Homeopathy, Schuessler salts (homeopathic cell salts) and Acupressure: A homeopathic and naturopathic guide by Robert Kopf ISBN B00HR5O4K8

A number of health problems can be caused and reinforced by an acidification of the body. If your body is too acidic and overloaded with toxins, you're more likely to develop a number of potentially serious health problems like diabetes, high cholesterol, high blood pressure, metabolic disorders, heart disease, stroke, cancer and osteoarthritis.

The symptoms of acidification and overload with toxins are a constant feeling of illness, lack of energy, constant fatigue, tendency to get infections, chronic diseases, nervousness, headache, excess stomach acid, acid regurgitation, cramps and spasms, the hair looks dull, has split ends and falls out, skin irritations etc.

Causes of acidification are the modern lifestyle and diet (too much sugar, proteins, fat, white flour products and lack of alkaline foods such as vegetables), stress and insufficient physical activity, metabolic disorders and hormonal imbalance. Stimulants like tobacco, coffee, tea and alcohol are also extremely acidifying. Additional environmental toxins, denatured food and food additives burden our metabolism.

Acidification of the body, as well as environmental toxins hinder the mineral transport through the cell membranes. This is where the effect of Schuessler salts (also named homeopathic cell salts, tissue salts, biochemistry) and homeopathy works. Cell salts and homeopathy activate the extraction of toxins and acids. The organism is purified from inside.

In this homeopathic and naturopathic adviser, I will give you recommendations how to deacidify and detoxify your body with the help of Homeopathy, Schuessler salts and Acupressure. I will present you the most proven homeopathic and biochemical (Schuessler salts) healing methods, including the appropriate potency and dosage.

Homeopathy works holistically. It does not treat only single symptoms. It treats the whole body, spirit and soul. I wish you much success in your treatment, joy of life and especially your health. You will find more information about health in my other ebooks.
