Veterinary Parasitology by M. A. Taylor, R. L. Coop, R. L. Wall ISBN 0470671629

*Veterinary Parasitology* is widely considered to be the definitive veterinary parasitology reference for practitioners and students alike. The 4th Edition has been developed and enhanced into a two-part reference to reflect recent advances in the field, modern teaching practice, and updated parasite taxonomic classification systems.

- Greatly expands and revises the systematic sections on helminthology, protozoology and entomology, and descriptions of animal parasites
- Tailored for those directly involved in the diagnosis, treatment, and control of parasitic diseases of domestic animals
- Compatible with the diversity of current parasitology teaching modules—both for teaching parasite systematics and diseases on a host-organ basis
- Offers the most detailed parasite descriptions available today for teachers, research groups, veterinarians in practice and in government service, and others involved in aspects of parasitic disease
