Galbraith: The Affluent Society & Other Writings, 1952-1967: American Capitalism / The Great Crash, 1929 / The Affluent Society / The New Industrial State by John Kenneth Galbraith ISBN 1598530771

Incisive and original, John Kenneth Galbraith wrote with an eloquence that burst the conventions of his discipline and won a readership none of his fellow economists could match. This Library of America volume, the first devoted to economics, gathers four of his key early works, the books that established him as one of the leading public intellectuals of the last century.

In *American Capitalism*, Galbraith exposes with great panache the myth of American free-market competition. The idea that an impersonal market sets prices and wages, and maintains balance between supply and demand, remained so vital in American economic thought, Galbraith argued, because oligopolistic American businessmen never acknowledged their collective power. Also overlooked was the way that groups such as unions and regulatory agencies react to large oligopolies by exerting countervailing power—a concept that was the book’s lasting contribution.

The Great Crash, 1929 offers a gripping account of the most legendary (and thus misunderstood) financial collapse in American history, as well as an inquiry into why it led to sustained depression. Galbraith posits five reasons: unusually high income inequality; a bad, overleveraged corporate structure; an unsound banking system; unbalanced foreign trade; and, finally, “the poor state of economic intelligence.” His account is a trenchant analysis of the 1929 crisis and a cautionary tale of ignorance and hubris among stock-market players; not surprisingly, the book was again a bestseller in the wake of the 2008 economic collapse.

In *The Affluent Society*, the book that introduced the phrase “the conventional wisdom” into the American lexicon, Galbraith takes on a shibboleth of free-market conservatives and Keynesian liberals alike: the paramount importance of production. For Galbraith, the American mania for production continued even in an era of unprecedented affluence, when the basic needs of all but an impoverished minority had easily been met. Thus the creation of new and spurious needs through advertising—leading to skyrocketing consumer debt, and eventually a private sector that is glutted at the expense of a starved public sector.

The New Industrial State stands as the most developed exposition of Galbraith’s major themes. Examining the giant postwar corporations, Galbraith argued that the “technostructure” necessary for such vast organizations—comprising specialists in operations, marketing, and R&D—is primarily concerned with reducing risk, not with maximizing profits; it perpetuates stability through “the planning system.” The book concludes with a prescient analysis of the “educational and scientific estate,” which prefigures the “information economy” that has emerged since the book was published.

Galbraith: The Affluent Society & Other Writings, 1952-1967: American Capitalism / The Great Crash, 1929 / The Affluent Society / The New Industrial State Review

This Galbraith: The Affluent Society & Other Writings, 1952-1967: American Capitalism / The Great Crash, 1929 / The Affluent Society / The New Industrial State book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get. This kind of Galbraith: The Affluent Society & Other Writings, 1952-1967: American Capitalism / The Great Crash, 1929 / The Affluent Society / The New Industrial State without we recognize teach the one who looking at it become critical in imagining and analyzing. Don't be worry Galbraith: The Affluent Society & Other Writings, 1952-1967: American Capitalism / The Great Crash, 1929 / The Affluent Society / The New Industrial State can bring any time you are and not make your tote space or bookshelves' grow to be full because you can have it inside your lovely laptop even cell phone. This Galbraith: The Affluent Society & Other Writings, 1952-1967: American Capitalism / The Great Crash, 1929 / The Affluent Society / The New Industrial State having great arrangement in word and layout, so you will not really feel uninterested in reading.
