SWORD OF THE PROPHET (AN ACTION THRILLER)

EBOLA. We have seen how this deadly virus spreads around the world and how it can paralyze a society.

What if a manmade virus was released upon mankind? An airborne virus with a short incubation period and no known antidote.

How would we react?

On the night before Thanksgiving Walmart is packed with last minute shoppers when a young couple walks into the produce department and starts sneezing on people and food. In two days they will be dead. Then the shoppers start to die. And their families, friends and neighbors.

The terrorist, know as The Sword, watches with satisfaction as the USA, and the world, descends into chaos. He is preparing the next devastating blow. Only one detail needs to fall into place.

While Kuno Zell and his family celebrates the traditional American holiday, death and destruction

lurks in the shadows.

In their small apartment, a young family barely finishes the turkey before the kids start coughing. Chris Child, an elite FBI agent, must juggle family tension and the hunt for the deadly terrorist. Can The Sword be stopped before he unleashes the next killer?

From the South China Seas, Washington and Europe to the mountains of New Mexico, The Sword's vengeance is unstoppable.

Or is it?

What can one man do when his world is shattered and his family threatened?
