Bourdieu and Historical Analysis (Politics, History, and Culture) by ISBN 0822352737

The French sociologist Pierre Bourdieu had a broader theoretical agenda than is generally acknowledged. Introducing this innovative collection of essays, Philip S. Gorski argues that Bourdieu's reputation as a theorist of social reproduction is the misleading result of his work's initial reception among Anglophone readers, who focused primarily on his mid-career thought. A broader view of his entire body of work reveals Bourdieu as a theorist of social transformation as well. Gorski maintains that Bourdieu was initially engaged with the question of social transformation and that the question of historical change not only never disappeared from his view, but re-emerged with great force at the end of his career.

The contributors to *Bourdieu and Historical Analysis* explore this expanded understanding of

Bourdieu's thought and its potential contributions to analyses of large-scale social change and historical crisis. Their essays offer a primer on his concepts and methods and relate them to alternative approaches, including rational choice, Lacanian psychoanalysis, pragmatism, Latour's actor-network theory, and the "new" sociology of ideas. Several contributors examine Bourdieu's work on literature and sports. Others extend his thinking in new directions, applying it to nationalism and social policy. Taken together, the essays initiate an important conversation about Bourdieu's approach to sociohistorical change.

*Contributors.* Craig Calhoun, Charles Camic, Christophe Charle, Jacques Defrance, Mustafa Emirbayer, Ivan Ermakoff, Gil Eyal, Chad Alan Goldberg, Philip S. Gorski, Robert A. Nye, Erik Schneiderhan, Gisele Shapiro, George Steinmetz, David Swartz
