Searching for Pekpek: Cassowaries and Conservation in the New Guinea Rainforest by Andrew L. Mack ISBN 0989390306

Andrew Mack immersed himself in a vast expanse of roadless, old growth rainforest of Papua New Guinea in 1987.

He and his co-investigator Debra Wright, built a research station by hand and lived there for years. Their mission was to study the secretive and perhaps most dinosaur-like creature still roaming the planet: the cassowary.

The ensuing adventures of this unorthodox biologist--studying seeds found in cassowary droppings (pekpek), learning to live among the indigenous Pawai'ia, traversing jungles, fighting pests and loneliness, struggling against unscrupulous oil speculators, and more--are woven into a compelling tale that spans two decades. Mack shares the insights he garnered about rainforest ecology while studying something as seemingly mundane as cassowary pekpek. He ultimately gained profound insight into why conservation is failing in places like Papua New Guinea and struggled to create a more viable strategy for conserving some of Earth's last wild rainforests.

Searching for Pekpek: Cassowaries and Conservation in the New Guinea Rainforest Review

This Searching for Pekpek: Cassowaries and Conservation in the New Guinea Rainforest book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get. This kind of Searching for Pekpek: Cassowaries and Conservation in the New Guinea Rainforest without we recognize teach the one who looking at it become critical in imagining and analyzing. Don't be worry Searching for Pekpek: Cassowaries and Conservation in the New Guinea Rainforest can bring any time you are and not make your tote space or bookshelves' grow to be full because you can have it inside your lovely laptop even cell phone. This Searching for Pekpek: Cassowaries and Conservation in the New Guinea Rainforest having great arrangement in word and layout, so you will not really feel uninterested in reading.
