212 the Extra Degree (With DVD) by Sam Parker, Mac Anderson ISBN B002RZVZDW

Simple Truths is a company that specializes in inspirational and motivational books. This book begins by a simple scientific fact, which is that 211 degrees water is hot, but just one more degree (212) and it boils, thus creating steam. Steam can create power and movement. It uses this analogy to give inspiration to the reader push themselves to greater achievement. The material covers things like thoughts and facts, showing how success is measured by fractions of seconds and holding on a minute longer. The book has various quotes from great men such as Vince Lombardi who said, "Inches make a champion." This book has various short stories to further provide examples of successful people going that one extra mile in order to achieve greatness. It emphasizes how attitude determines how far a person will succeed in life. The final two sections deal with actions and reflections. Besides the full color beautiful photographs, a DVD is also included in the back of the book. In conclusion, this is a book for anyone interested in how to push forward in their lives. This is also the kind of book you will want to give as gifts to your friends and

relatives.
