"One man's trash is another man's treasure" was never truer! With this remarkable book, you can recycle throwaways into origami art. Twenty-nine well-illustrated projects explain how to make an autumn leaf from a lotto ticket, a 3-D heart from aluminum foil, a flower from a tea bag wrapper, and other unusual keepsakes and charming gifts.

Each item includes a brief introduction with suggestions for the paper's color and texture, and every step of the numbered instructions features simple text accompanied by a clear diagram. You'll discover how to transform brown wrapping paper into a fox, a supermarket receipt into a dachshund, and other ordinary bits of paper into an arrowhead, jumping frog, pill box, rocking cradle, koala, and other treasures.
