Gay Marriage: Why It Is Good for Gays, Good for Straights, and Good for America by Jonathan Rauch ISBN 0805078150

"Thoughtful and convincingly argued . . . Rauch's impressive book is as enthusiastic an encomium to marriage as anyone, gay or straight, could write."

?David J. Garrow, *The Washington Post Book World*

In May 2004, gay marriage became legal in Massachusetts, but it remains a divisive and contentious issue across America. As liberals and conservatives mobilize around this issue, no one has come forward with a more compelling, comprehensive, and readable case for gay marriage than Jonathan Rauch. In this book, he puts forward a clear and honest manifesto explaining why

gay marriage is important?even crucial?to the health of marriage in America today, grounding his argument in commonsense, mainstream values and confronting social conservatives on their own turf. Marriage, he observes, is more than a bond between individuals; it also links them to the community at large. Excluding some people from the prospect of marriage not only is harmful to them but also is corrosive of the institution itself.

Gay marriage, he shows, is a "win-win-win" for strengthening the bonds that tie us together and for remaining true to our national heritage of fairness and humaneness toward all.

Gay Marriage: Why It Is Good for Gays, Good for Straights, and Good for America Review

This Gay Marriage: Why It Is Good for Gays, Good for Straights, and Good for America book is not really ordinary book, you have it then the world is in your hands.
