I Saw Them Die: Diary and Recollections of Shirley Millard by Shirley Millard ISBN 1610270231

This true contemporary account of an American nurse's horrific - and sometimes bizarre - experiences at a French battlefield hospital during World War I has poignant layers which even the oft-naïve author did not see. Too soon, she was standing hours on end treating friend and enemy alike, facing harrowing hyperreality with aplomb. Shirley Millard is throughout a willing reporter of her fascinating perspective on war, youth, loss, and love -- and always slapdash surgery and gallows camaraderie, inside a MASH unit before there was M\*A\*S\*H. And before antibiotics, it is painfully clear. But she is also an unwitting reporter of so much more. The modern reader sees truths and wrongs that Shirley fails to experience herself, some at the time and too many upon rested reflection. The book compels attention not only on the level on which she wrote it, which would be enough to bring crashing home this forgotten war, but also on levels hidden to her. This

collection of diary entries and later flashbacks compares to better known personal accounts of World War I, such as that by the much more self-aware Erich Remarque (though readers here may find themselves drawn into the lack of awareness as much as the account itself). Yet this book seems to have been lost in time and the crush of later events. Includes penetrating new Foreword by law professor Elizabeth Townsend Gard, who studied the genre as part of her Ph.D. research in History at UCLA. The original book, and its incongruities and twists revealed by Townsend Gard, will stick with the reader. Previously only available as a rare book, now returned to its place in poignant history. Targeted at trade and general audiences, may also be appropriate for YA (some upsetting scenes and carnage of war but no other inappropriate scenes; teaches subtext and foreshadowing, and allows discussion of women in war, nationalism, class, race, and relationships). Also sold in ebook formats.

## **I Saw Them Die: Diary and Recollections of Shirley Millard Review**

This I Saw Them Die: Diary and Recollections of Shirley Millard book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get. This kind of I Saw Them Die: Diary and Recollections of Shirley Millard without we recognize teach the one who looking at it become critical in imagining and analyzing.
