Big Girl

Victoria Dawson has always felt out of place in her family, especially in body-conscious L.A. Her father, Jim, is tall and slender, and her mother, Christina, is a fine-boned, dark-haired beauty. Both are self-centered, outspoken, and disappointed by their daughter's looks. While her parents and sister can eat anything and not gain an ounce, Victoria must watch everything she eats, as well as endure her father's belittling comments about her body and see her academic achievements go unacknowledged. Ice cream and oversized helpings of all the wrong foods give her comfort, but only briefly. The one thing she knows is that she has to get away from home, and after college in

Chicago, she moves to New York City.

Behind Victoria is a lifetime of hurt and neglect she has tried to forget, and even ice cream can no longer dull the pain. Ahead is a challenge and a risk: to accept herself as she is, celebrate it, and claim the victories she has fought so hard for and deserves. Big girl or not, she is terrific and discovers that herself.

Family Ties

Annie Ferguson was a bright young Manhattan architect. Talented, beautiful, just starting out with her first job, new apartment and boyfriend, she had the world in the palm of her hand?until a single phone call altered the course of her life forever. Overnight, she became the mother to her sister's three orphaned children, keeping a promise she never regretted making, even if it meant putting her own life indefinitely on hold.

Now, at forty-two, as independent as ever, with a satisfying career and a family that means everything to her, Annie is comfortable being single and staying that way. She appears to have no time for anything else. With her nephew and nieces now young adults and confronting major challenges of their own, Annie is navigating a parent's difficult passage between lending them a hand and letting go, and suddenly facing an empty nest. The eldest, twenty-eight-year-old Liz, an overworked, struggling editor in a high-powered job at Vogue, has never allowed any man to come close enough to hurt her. Ted, at twenty-four a serious and hardworking law student, is captivated by a much older, much more experienced woman with children, who is leading him much further than he wants to go. And the youngest, twenty-one-year-old Katie?impulsive, artistic, rebellious?is an art student about to make a choice that will lead her to an entirely different world she is in no way prepared for but determined to embrace.

Then, just when least expected, a chance encounter changes Annie's life yet again in the most unexpected direction of all.

From Manhattan to Paris and all the way to Tehran, *Family Ties* is a novel that reminds us how challenging and unpredictable life can be, and that the powerful bonds of family are the strongest of all.

Danielle Steel CD Collection 4: Big Girl, Family Ties Review
