Difference and Repetition by Gilles Deleuze ISBN 0231081596

This brilliant exposition of the critique of identity is a classic in contemporary philosophy and one of Deleuze's most important works. Of fundamental importance to literary critics and philosophers, *Difference and Repetition* develops two central concepts—pure difference and complex repetition—and shows how the two concepts are related. While difference implies divergence and decentering, repetition is associated with displacement and disguising. Central in initiating the shift in French thought away from Hegel and Marx toward Nietzsche and Freud, *Difference and Repetition* moves deftly to establish a fundamental critique of Western metaphysics.

Difference and Repetition Review

This Difference and Repetition book is not really ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get.
