Are you challenged by the theory of evolution? Do you have a hard time believing in biblical six-day creation? Have you been told by teachers and college professors that dinosaurs existed billions and billions of years ago? Would you be surprised to learn that the dinosaurs and human walked the earth together at the same time? Do you find it astounding that God knew who you were before the earth was formed? Is it true that life begins at conception and that the fetus is a human being? Look at the timeline of the patriarchs in The Creation Book and see that the flood came 1,656 years after Adam was formed. Dr. Krause searches the Scriptures in detail and quotes over 725 verses to give the biblical answers to these and other questions you might have in The Creation Book.
