

Risk Assessment, Modeling and Decision Support: Strategic Directions (Risk, Governance and Society) PDF

Risk Assessment, Modeling and Decision Support: Strategic Directions (Risk, Governance and Society) by ISBN 3540711570

The papers in this volume integrate results from current research efforts in earthquake engineering with research from the larger risk assessment community. The authors include risk and hazard researchers from the major U.S. hazard and earthquake centers. The volume lays out a road map for future developments in risk modeling and decision support, and positions earthquake engineering research within the family of risk analysis tools and techniques.
