Encyclopedia of Media and Communication by Marcel Danesi ISBN 1442611693

The first comprehensive encyclopedia for the growing fields of media and communication studies, the *Encyclopedia of Media and Communication* is an essential resource for beginners and seasoned academics alike. Contributions from over fifty experts and practitioners provide an accessible introduction to these disciplines' most important concepts, figures, and schools of thought – from Jean Baudrillard to Tim Berners Lee, and podcasting to Peircean semiotics.

Detailed and up-to-date, the *Encyclopedia of Media and Communication* synthesizes a wide array of works and perspectives on the making of meaning. The appendix includes timelines covering the whole historical record for each medium, from either antiquity or their inception to the present

day. Each entry also features a bibliography linking readers to relevant resources for further reading. The most coherent treatment yet of these fields, the *Encyclopedia of Media and Communication* promises to be the standard reference text for the next generation of media and communication students and scholars.
