The Federal Financial Management Improvement Act of 1996 (FFMIA) requires, among other things, that agencies implement and maintain financial management systems that substantially comply with federal financial management system requirements. These requirements are detailed

in the Federal Financial Management System Requirements series issued by the Joint Financial Management Improvement Program (JFMIP) and in the guidance issued by the Office of Management and Budget (OMB): Circular No. A-127, Financial Management Systems, and the January 4, 2001, Revised Implementation Guidance for the Federal Financial Management Improvement Act (FFMIA) of 1996. JFMIP intended for the requirements to promote understanding of key financial management systems concepts and requirements, to provide a framework for establishing integrated financial management systems to support program and financial managers, and to describe specific requirements of financial management systems.
