

# Surgical Techniques in Orthopaedics and Traumatology: Shoulder v. 3 PDF

Surgical Techniques in Orthopaedics and Traumatology: Shoulder v. 3 by Jacques DuParc ISBN 2842994167

"The celebrated Surgical Techniques in Orthopaedics and Traumatology Series", published under the auspices of the European Federation of National Associations of Orthopaedics and Traumatology (EFORT), is now available as an 8-volume paperback set, allowing you to access the information you require, at the right price. In the 31 articles of this volume, 42 well-known European specialists describe the major techniques to manage the pathologies affecting the shoulder, including fractures, dislocations, instability, rotator cuff tears, paralytic shoulder, nerve entrapments and obstretrical palsy. Variations, complications, clinical results and indications are discussed. The surgical techniques are described step-by-step and illustrated by more than 450 drawings and photographs.
