Human Geography: People, Place, and Culture by Erin H. Fouberg, Alexander B. Murphy, Harm J. de Blij ISBN 1118793145

Human Geography 11th edition teaches students to appreciate the diversity of people, places, and cultures, and understand the role people play in shaping our world. The goals of this edition are to provide geographic context to global, regional, national and local issues and to teach students to think geographically and critically about these issues. *Human Geography: People, Place, and Culture* features beautifully designed maps, dozens of vibrant photographs taken by the author team, and author and guest field notes that help students see how geographers read cultural landscapes and use fieldwork to understand places. A newly designed demographic data table includes economic, political, and population data, all of which can be examined in ArcGIS Online.
