Personal Transformation Help: A Call to Magic - the Artful Science of Transforming Self and World.

In the world of self-help and personal transformation, "magic" has become a wildly popular term. Best selling authors such as Wayne Dyer and Deepak Chopra and such popular books as *The Secret*, *The Magic of Thinking Big*, and *The Magic of Believing* have all used magic as major themes for self-transformation.

Does it take a magician to change ourselves and our world? Perhaps. In this book you'll get a fresh perspective on bringing real magic into your life--from a real life magician.

As an international award winning professional magician, Mitch Williams understands the power of transforming our perceptions of the world we see. As a long-time, avid student and authority on creativity, peak performance, and personal transformation, he has keen insights into how to apply this shift in perceptions to attain more success, fulfillment, and peace of mind in every aspect of our everyday lives.

Mitch Williams invites us to answer the "Call to Magic" in this book filled with practical suggestions on how to radically alter our perspective on life and the world around us and live a life of true magic and inspiration.
