Gina always HATED being in control...

Gina's an interesting sort. Between the sheets, she wants to be dominated. Told what to do, when to do it, and for how long. And she's made sure to be on the bottom every time. But after a while, it became harder to find what she wanted. What she *needed*.

Gina goes online to a forum for people like her. But after searching, all she could find was tame people thinking they knew what control meant. Until a message comes in from a mysterious man saying that he knows what she wants, and that he can give it to her.

Gina doesn't have to think. The man sends a car for her, and now Gina is on her way to becoming The Billionaire's Pet. She has no idea what's in store for her.
