Why the End is Not Near by Duane Garner ISBN 0975391461

The sky is not falling, though popular opinion seems to always suggest otherwise. While it appears as if everyone---from evangelical preachers to radical environmentalists---expects the end of the world to come very soon in a quite dreadful and dramatic fashion, the Scriptures give us a view of the future that is altogether hopeful and optimistic. In this book, a former premillennial dispensationalist explores the origins of these modern doctrines of pessimism, and points the reader to find in the Bible a much happier outlook regarding the success of the gospel and the growth of Christ's Kingdom.

Why the End is Not Near Review
