A Creative Life: Finding Passion, Joy, Challenge and Meaning by Susan Bonser ISBN 1479139564
In my experience, all children are born with the ability to be creative. Not just creative, but richly, joyfully, abundantly creative. So what was it about the environments of my particular family, home life, and childhood that nurtured creativity, allowed it to grow, gave me the confidence to continue to be creative, to overcome obstacles to my creativity throughout my whole life? I began a journey to explore just that and throughout this book have related what I have discovered about my own creativity over my sixty-two year journey. I hope you enjoy it and that it gives you the idea that you can live a creative life, too.
