Those Whom the Gods Love by E. B. Alston ISBN 0974773514

"I enjoyed the endearing and not so endearing characters as they lived their unusual and exciting lives. There was lots of natural sounding dialog that moved the plot along. The plot was intricate with many twists and turns—and some surprises. The workings of how telephone poles are installed added an extra dimension to the novel as did the military scenes. Those Whom the Gods Love had plenty of romantic interludes, surprises and excitement. The author is certainly a student of human nature. His insight into how and why people act as they do was accurately displayed in his novel. I thought the cover was extremely eye-catching and should make readers want to see what is inside."
