The USGBC released LEED v4 in GreenBuild International Conference and Expo in November, 2013. The GBCI started to include the new LEED v4 content for all LEED exams in June 2014. We have incorporated the new LEED v4 content in this book.

LEED (Leadership in Energy and Environmental Design) is one of the most important trends in development and is revolutionizing the construction industry. It has gained tremendous momentum and has a profound impact on our environment.

From this book, you will be able to:

1. Identify your weakness through practice questions
 2. Learn to work well under the pressure of timed tests
 3. Check your responses against the solutions
 4. Understand the solutions for the difficult questions through the explanations
 5. Fully understand the scope, difficulty level, and format of the LEED Green Associate Exam
- Learn how to pass the LEED Green Associate Exam.

There is NO official GBCI book on the LEED Green Associate Exam. "LEED GA Mock Exams" fills in the blanks and demystifies LEED. The book includes 200 questions and simulates the real exam in every aspect, including scope, difficulty level, format, and number of questions in each LEED category. It includes questions, answers, and explanations.

This book is small and easy to carry around. You can read it whenever you have a few extra minutes. It is an indispensable resource for ordinary people, developers, brokers, contractors, administrators, architects, landscape architects, engineers, interns, drafters, designers, and other design professionals. What others are saying about "LEED GA Mock Exam"... (Part I)

"GREAT STUDY TOOL!!!"

"My friend had told me about this book a week before my 2nd exam (yes I failed it the first time by one point could you believe it?) and it was a great learning tool! It really asked thorough questions and gave detailed explanations to the answers. If you can do good on these mock exams, you will do great on the real test! This guide really makes you utilize your knowledge and skill, other materials I had purchased prior to this were quite vague and uninformative, but this did the trick! Thanks Gang!"

--Jason

"Good book..."

"I just pass the test with 183. The questions are more difficult than the ones that I saw in the test...That is good if you want to be sure that you will pass..."

--Omar Reyes

"Nailed that LEED GA on the first try!"

"With this book, plus the 'LEED Green Associate Exam Guide' (also by Gang Chen) combined with

all the free .PDF downloads printed from the USGBC website, I passed my LEED GA exam on the first attempt! This little book has 2 full mock-exams you can test yourself on throughout your studying to gauge when you are primed & ready to take the exam...Highly recommended."
