

Pediatric Practice Ophthalmology PDF

Pediatric Practice Ophthalmology by Gregg Lueder ISBN B004ISL4I2

Hands-on, full-color guidance on treating ophthalmic diseases in children

Pediatric Practice: Ophthalmology is a unique source of practical information for the care of children with ophthalmic symptoms and diseases. While epidemiology, pathophysiology, and diagnosis are covered, the emphasis of the book is on actual patient management with the goal of optimizing care and improving outcomes.

Presented in full color, the book includes numerous clinical photographs, icons, clinical pearls, indications for referral and treatment, and the consistent use of headings.
