The Great Zodiac Killer Hoax of 1986 (The Great Zodiac Killer Hoax series) by Thomas Henry Horan ISBN B00WTUB602

This is the shocking true story of one of the most successful and most despicable frauds ever committed on paper. A comparison of the actual law enforcement agency files related to the notorious "Zodiac Killer" murders and letters to the newspapers reveals that Robert Graysmith's bestselling 1986 true crime book, ZODIAC, is a hoax. Graysmith used these files to write his book, but extensively and repeatedly lied about the facts contained in the files. He lied about the evidence, the witness statements, the suspects—and he lied about the authenticity of the letters themselves. As a result, the real victims and their families never got any justice, and a man named Arthur Leigh Allen was effectively framed for being the "Zodiac Killer." Now, for the first, time, in this exhaustively researched and peer-reviewed book, the shocking truth is revealed: There was no

"Zodiac Killer," only a myth perpetuated by a fraud.
