Physical Agents: Theory and Practice by Barbara J. Behrens PTA MS, Holly Beinert PT MPT ISBN 0803638167

Written specifically for PTAs!

Develop the clinical decision-making skills you need to be a successful PTA. This easy-to-follow approach helps you learn how to successfully relate thermal, mechanical, and electrical modalities with specific therapeutic goals while understanding all of the physiologic ramifications.

Drawing from the APTA's *Guide to Physical Therapist Practice*, this text will enable you to make the connection between a modality and the appropriate treatment interventions as part of a comprehensive, successful physical therapy treatment program.
