Pierre Bourdieu (Key Sociologists) by Richard Jenkins ISBN 1138129291

This short critical introduction to Pierre Bourdieu's thought is a model of clarity and insight. Where Bourdieu's own writings are often complex, even ambiguous, Richard Jenkins is direct, concise and to the point. He emphasizes Bourdieu's contributions to theory and methodology while also dealing in detail with his substantive studies of education, social stratification and culture. His book provides the best short English-language introduction to Bourdieu's work.

'As Jenkins points out in the final pages of his book, criticism can be the sincerest form of flattery. I particularly relished his critical approach to the work of Bourdieu and believe that he has written a timely introduction which both undergraduates and experienced teachers will find stimulating and enjoyable.'- *Mike Hepworth, University of Aberdeen*

Pierre Bourdieu (Key Sociologists) Review

This Pierre Bourdieu (Key Sociologists) book is not really ordinary book, you have it then the world is in your hands.
