"One thing I really love about the book is the abundance of clear, beautiful photos. They feature colorful crochet stitches done, has got to be one of my most favorite books. Why? Because you

don't just read it cover to cover and walk away from it. It is useful, it is a resource, and I find myself referring to it time and time again. You see, I am a crocheter, but I don't crochet constantly so I forget stitches. A to Z Crochet is a great tool to remind me how to do a certain stitch. The pictures are helpful and show progressive steps. If there is more than one way to do something, you can bet it is explained.. I really appreciate these pics! I now have enough stitches to keep me crocheting into the next millennium. Easy instructions and great pictures...makes it hard to do anything other than crochet.

For the price, this book is an absolutely incredible value. I expect to use this book as a reference for a long time to come."
