## Basal Ganglia and Thalamus in Health and Movement Disorders PDF

Basal Ganglia and Thalamus in Health and Movement Disorders by ISBN 0306465434

This volume is comprised of the majority of lecture presentations and a few select posters presented at the International Workshop, "Basal Ganglia and Thalamus in Health and Movement Disorders," held in Moscow, Russia, on May 29-31, 2000. The International Committee responsible for organizing this workshop included Alexander Konovalov, Director, Burdenko Institute of Neurosurgery of the Russian Academy of Medical Sciences, Mahlon DeLong, Chair, Department of Neurology, Emory University, Atlanta, USA, Alim Louis Benabid, Chief, Neurosurgery Service, University of Joseph Fourrier, Grenoble, France, and the two undersigned. The workshop was conceived out of a desire to provide a forum for discussions of both basal ganglia-and motor thalamus-related issues by bringing together basic scientists and clinicians representing different disciplines, research directions, and philosophies. The primary goals were to encourage an

exchange of information and ideas in an informal environment, to stimulate integration of the data from different disciplines, and to identify controversial issues and the most essential questions to be addressed in future research.

## Basal Ganglia and Thalamus in Health and Movement Disorders Review

This Basal Ganglia and Thalamus in Health and Movement Disorders book is not really ordinary book, you have it then the world is in your hands.
